FOODGRADE STAINLESS STEEL

Sanitary stainless steel tube

ท่อสแตนเลสไร้ตะเข็บเพื่อความปลอดภัยในอุตสาหกรรมอาหารและยา ด้านในเป็นสแตนเลส ลดการรวมตัวของแบคทีเรีย คงทนต่อการกัดกร่อนสูง ทำความสะอาดง่าย ทนความร้อนและความเย็นได้ดี รวมไปถึงเปลี่ยนแปลงอุณหภูมิโดยเฉียบพลัน

Seamless stainless Steel tube for safety in food and pharmaceutical industrie. And inside is stainless steel for lower aggregation of bacteria, corrosion resistance, easy cleaning, good fire-water resistance, instantly temperature alteration include

Stainless steel fitting and valve

Stainless steel fittings, We supply and export consistently high quality Sanitary Tube Fittings, Sanitary Valves, Hygienic Valves, Dairy Fittings, improve upon the manufacturing processes.

Flexible hose FDA

The flexible tubing hose in line with European standards and FDA food grade standard for sucking and conveying hose, food grade drinking water hose, wine, alcohol, non-alcoholic beverages, transparent oil and steel wire flexible tubing hose, fatty food, milk and dairy products.

Sanitary Pump

The sanitary pump is a kind of classification of pumps in use, which involves the transportation of all products with human contacts, such as pharmaceutical, dairy, beverage, food, cosmetic, food additive, fine chemical and so on.
